

Basic Healthcare Services, Udaipur

Position: Lead (Strategy and Systems)

About the job

Basic Healthcare Services (BHS) is a not-for-profit organization with a vision of high-quality and low-cost primary health care for underserved communities. The organization provides responsive healthcare to rural, tribal communities in South Rajasthan, through a network of primary care clinics. BHS is a leading voice on primary healthcare in India.

Roles and Responsibilities

We are seeking to induct a senior colleague to join hands with us to lead BHS to a new phase of scale and impact in providing quality health care to a rapidly expanding universe of rural communities.

As the Lead (Strategy and Systems) you will be part of the BHS's senior leadership team bringing new skill and energy to the organisational mission.

In particular, your role will include:

- Conceptualizing, designing and overseeing BHS's health care programmes and services
- Leading scale up of services through geographical expansion and partnerships with value aligned organisations
- Building, supporting and nurturing BHS's human capital including its medical and non-medical cadres through training, mentorship and
- Contributing to and support our research, knowledge and policy agenda arising from BHS's field practice.
- Managing donor communication and relationships As a member of the senior leadership group, you will contribute to strategic planning and oversight of the organization, represent BHS in different forum, and assist in fundraising.

Who are we looking for?

We are looking for an experienced public health / health management professional (MPH, or MD (Community Medicine) or allied discipline, a passion to improve health care in rural, underserved areas. The suitable candidate is likely to have 8 - 10 years of experience working in the domain of health systems, practice and policy. Experience in non-profit setting would be ideal.

We are a strong field leaning organisation and all senior colleagues are expected to spend good time in the field with front line workers, healthcare professionals, managers and teams. Applicants must be fluent in Hindi and English and must be competent in the use of tech platforms and systems for bringing innovation and efficiency.

Remuneration

We are able to offer a compensation ranging from Rs 8 lakhs to Rs 10 lakh per annum. This is in line with pay structures of similar, field based non-profit organisations of the state.

Write to us!

We will need to review your resume and will request you send it to us at: hr@bhs.org.in

We also need a well drafted but brief covering letter describing your interest in working with us. Please make sure you visit our website once especially before you decide to apply. We are looking forward to hearing from a wide range of experienced applicants. We are also happy to answer any questions that you may have about the position.

Last Date to Apply: 31st March, 2024
